

EMERGENCE FOUNDATION

A WEEKEND OF ENGAGEMENT

As the annual Summer Event approaches, we're looking forward to welcoming you to our two-day festival in the beautiful Kent countryside.

This week, we've dedicated our news post to sharing information about what you can look forward to when you join us for this unique event.

Together with an impressive list of speakers, thought leaders and influencers we will explore diverse approaches to regenerating culture and share our experience of the various drivers, both inner and outer, that help catalyse individual and cultural change. It will be a weekend to meet like-minded people, experience new insights, and forge new kinships and collaborations.

The event will be an exclusive opportunity to hear talks from guest speakers including Esther Stanford-Xosei, a reparations legal expert, interdisciplinary scholar, activist, educator, and historian; Agamemnon Otero, CEO of Energy Garden and Co-founder of Repowering London; and a whole host of other influential speakers, artists and writers. There will be vegetarian food catered for us, as well as a special celebration dinner on Saturday night. With only a week to go, be sure to reserve your space. Tickets start at just £20 or are free for under 25s.

The full [Weekend Schedule](#) is now available for the Summer Event 2023.
